Very good always able to help  
I'd rather talk to someone than having to deal with AI  
quick and easy to do  
"They're a great GP"

I did not get any service from them today

I don't like this patches service but I know it's something I need to do

I was able to send my request via Patches. Easy and quick

Easy to use system. Staff have been so helpful each time I have been in contact

Getting more difficult to get things done

Could be made clearer on website  
I have always received timely advice and help when needed.

Easy to navigate the website

I wanted to find travel vaccine advice and form - but it is nowhere to be found! I have wasted more than an ho

Except for last visit that wasn't with my GP

"I haven't had a response yet"

wait time for appointment

"Dr Ramchandani was very nice and easy to talk too, she was very caring and did not rush us out she listened  
Prompt response.

"No contact with service, just online"

"I did not interact with the Belmont Medical Centre today, how can I possibly rate it?"
